

# ERS | Satellites

ERS is proud to announce the fourth edition of the award-winning ERS Satellites, taking place online on March 2nd 2021. The event will offer a full-day programme covering four hot topics in respiratory medicine. Registration is free.

ERS Satellites have been using the latest in live-streaming technology since 2017 – delivering education to a global audience and supporting knowledge sharing and interaction on a virtual platform.

The programme for this year's event is designed to support audience participation; allowing virtual delegates to ask questions and discuss presentations with speakers and chairs. All presentations will be chaired by specialist panels live from the studio.

**Note:** Due to COVID-19 restrictions and guidelines, this event will have a single host venue and there will be no onsite audiences.

The programme will be supported remotely by our national society partners:

Austria

Turkey

Portugal

Osterrische Gesellschaft  
für Pneumologie  
Austrian Society of Pneumology

TURKISH THORACIC  
SOCIETY

SPP  
SOCIETY PORTUGUESE  
DE PNEUMOLOGIA

## Each topic will cover the following:

- 1) Disease mechanisms & understanding
- 2) State of the art (recent literature) & treatment approaches
- 3) Application of current knowledge & clinical perspective with cases
- 4) Horizon scanning and next steps

**Chairs: Daiana Stolz, Chris Brightling and Richard Costello**

National societies chairs chairing from their own country: Georg-Christian Funk, Ayşe Arzu Yorgancıoğlu, António Morais

## Asthma:

- 09:00-09:10 Introduction from the chairs
- 09:10-09:30 Mechanisms and physiology of asthma | *Arnaud Bourdin*
- 09:30-09:50 State of the art in asthma | *Celeste Porsbjerg*
- 09:50-10:10 How to manage a patient with asthma | *Marco Idzko*
- 10:10-10:25 Horizon scanning: How to read trials | *Guy Brusselle*
- 10:25-11:00 Conclusion and Q&As lead by the chairs

**Break 30 minutes**

## COPD:

- 11:30-11:40 Introduction from the chairs
- 11:40-12:00 Mechanisms of COPD exacerbations - molecular perspectives and pathophysiology | *Mona Bafadhel*
- 12:00-12:20 State of the art in COPD | *Timm Greulich*
- 12:20-12:40 How to manage a patient with COPD - early identification and how to prevent progression | *Nurdan Köktürk*
- 12:40-12:55 Horizon scanning: Where do we go next | *Maria Rosa Faner Canet*
- 12:55-13:30 Conclusion and Q&As lead by the chairs

**Lunch break 1 hour**

## ILD:

- 14:30-14:40 Introduction from the chairs
- 14:40-15:00 Basic mechanisms of ILD | *Killian Hurley*
- 15:00-15:20 State of the art in ILD | *Antje Prasse*
- 15:20-15:40 How to manage a patient with ILD | *Carlos Robalo Cordeiro*
- 15:40-15:55 Horizon scanning: Trial in ILD | *Gisli Jenkins*
- 15:55-16:30 Conclusion and Q&As lead by the chairs

**Break 30 minutes**

## Chronic cough

- 17:00-17:10 Introduction from the chairs
- 17:10-17:30 Mechanisms and physiology of chronic cough | *Matt Drake*
- 17:30-17:50 State of the art in cough | *Lorcan McGarvey*
- 17:50-18:10 How to manage chronic cough patients | *Angela Zacharasiewicz*
- 18:10-18:25 Horizon scanning: New drugs in the pipeline | *Jacky Smith*
- 18:25-19:00 Conclusion and Q&As lead by the chairs

This high-quality educational event can be accessed free of charge by healthcare professionals from anywhere in the world. This is made possible with support from our sponsors.
